June, 2016

President's Message

The annual Chapter 43 picnic was an enjoyable time although we had one of those cooler May days that seem to be more typical now for the annual event. Glad you could make it and many thanks to all who helped make it a success.

It's not too early to start thinking about running for one of the chapter positions that will become open at the end of the year. We really need your help in running the chapter and look forward to new and fresh ideas from our members. During November we will be voting for our chapter officers and two board members. Arm twisting to follow.

The May Young Eagles event went smoothly after a late start due to fog and low visibility that moved in from the north and further complicated by hot air balloons swarming overhead. Again it was a fun time watching the kids' expressions as they came back from their flights. Come out to the events even if only to watch as great memories are made and younger times remembered as we watch the future aviators excited by the thrill of flying.

Ken Scott

Next Meeting - [Saturday, June 11, 2016](#)

7 PM @ the Mt. Evans Room in the Terminal Bldg. @ Metro Airport

Our vice president, ***Stephen Paschke***, will do a show-n-tell about the do-it-yourself construction of an ADS-B "in" portable device that costs under \$100 and works with ForeFlight, FlyQ, and other flight-planning/navigation programs.

Upcoming Events Calendar

Young Aviator Update

June 2016

We haven't had much to report the last couple of months but school is finally out and the summer has a lot in store for the Young Aviators, their mentors, and parents.

We would like to congratulate Brandon Leeper, our youth president, on receiving his private pilot license on April 24. Many of you heard him speak at the chapter picnic in May, but in case you missed the picnic (for which the weather was chilly again!), you can see his speech on the home page of our website. There is a lot of gratitude for the support he has received from Chapter 43.

The summer event calendar is linked to the home page as well. The B-25 will be traveling to Pueblo on the 18th of June for the Pueblo Air Blitz. It sounds like it will be a lot of fun. Also coming up in June is the Longmont Air Expo where the aviators will be displaying the B25 and both of their simulators on June 25. Please stop in and say hi if you are there!

The B25 is traveling in style this summer. In addition to some interior radio and component improvements, it has a new travel cover thanks to a donation of fabric and another of time and talent. The trailer team has been working on a plan to make raising the plane for display much easier!

(Cont. from p.4) -

The big simulator has undergone repairs that were much needed and ready for display this summer complete with a new mission designed by Mitchell Johnson.

Please visit and "like" our Facebook page -

Search Young Aviators 43 to find us!

Or visit the website at youngaviators43.com

One day the pilot of a homebuilt airplane was told by the tower to hold short of the active runway while a DC-8 landed. The DC-8 landed, rolled out, turned around, and taxied back past the experimental. Some quick-witted comedian in the DC-8 crew got on the radio and said:

"What a cute little plane. Did you make it all by yourself?"

The homebuilt pilot, not about to let the insult go by, came back with a real zinger:

"I made it out of DC-8 parts. Another landing like yours and I'll have enough parts for another one."

A student became lost during a solo cross-country flight. While attempting to locate the aircraft on radar, ATC asked,

"What was your last known position?"

Student: ***"When I was number one for takeoff."***

“When aviation and flying runs through your veins, you just can’t seem to shake it...”

2016 Chapter Officers

President	Ken Scott	303-674-7846
Vice President	Bill Mitchell	303-427-4025
Vice President	Steve Paschke	303-451-8490
Secretary	Roxie Juul	303-466-2600
Treasurer	Myles Lee	720-295-8778

Board of Directors

Ken Scott (Chairman)
 Stan Specht*
 Scott Serani*
 Cliff Hasenbalg**
 Don Smith**

(Note: *- 2 year terms expire end of 2017, **- 2 year terms expire end of 2016)
