May, 2016

President's Message

At the April membership meeting the membership approved changes to the Chapter 43 Bylaws to facilitate a more efficient and cost effective approach to conducting our annual review of chapter financial records. The approved changes will be made part of the Chapter 43 Bylaws by an addendum filed with chapter documents.

We got off to a rough start this year with our first two Young Eagles events being canceled because of poor weather. The April event was rescheduled for April 23rd. Many thanks to all who helped out so we could fly 20 kids.

Lastly, Stephanie Wells donated a 121.5 ELT with mounting bracket and antenna to the chapter for any member who could use it. Please let me know if you can use it for your project or plane and I will get it to you.

Ken Scott

Next Meeting - [Saturday, May 14, 2016](#)

It's Picnic Time

Things are all set for our annual Chapter 43 picnic scheduled for May 14, 2016. As in recent years, we are having the event, rain or shine, at Scott Serani's and Myles Lee's hangar area located in the Tri County Hangar complex (Schofield hangars) at Erie, KEIK. We will be starting at about 11:00 AM so please plan to be there and bring a salad or dessert dish to share with others and enjoy some good food and great company. The Chapter will be providing hamburgers, hotdogs, and soft drinks. **See map on page 2.**

Annual Picnic - Saturday 5/14/16 , 11 A.M.

2016 EVENTS

MAY

- 6-8 EAA B-17 Tour Stop, Wings Over the Rockies Ramp, KAPA
- Sat* 7 AOPA Rusty Pilots Seminar, Songbird Aviation, KGXY, 3:00 p.m. – 6:00 p.m.
- Tue* 10 EAA B-17 Tour Stop, Colorado Jet Center, KCOS
- Sat 14 EAA Chapter 43 Annual Chapter Picnic, EIK 11:00 a.m.***
- 20-21 AOPA Fly-in, Michael J. Smith Field (MRH), Beaufort , North Carolina
- Fri* 20 EAA Chapter 301 Membership meeting, KFTG, 7:00 p.m.
- Sat 21 EAA Chapter 43 Young Eagles Rally, EIK 7:45 a.m.***
- Sat* 21 2nd Annual Sonex Mile-High Fly-In, Meadowlake Airport (KFLY), 8 a.m. – 2 p.m. (T)
Sonex Mile-High Fly-In
- Sat* 21 EAA Chapter 72 Young Eagles Rally, FLY 8:00 a.m. (T)
- Sat* 28 EAA Chapter 301 Young Eagles Rally, FTG 7:45 a.m.
- Sat* 28 WarBird Auto Show, FTG, 8:00 a.m. - 2:00 p.m.

JUNE

- Sat* 11 International Young Eagles Day
- Sat* 11 *CPA 3rd Annual Luncheon Potluck - Barbo Hangar Watkins, CO (FTG) 11:00 - 2:00 p.m.*
- Sat 11 EAA Chapter 43 Membership meeting, BJC, 7:00 p.m.***
- Fri* 17 EAA Chapter 301 Membership meeting, 7:00 p.m.
- Sat* 18 21st Annual JAA Fly-In, Rocky Mountain Metro Airport (BJC), 6:00 a.m. to 1:00 p.m.
- Sat 18 EAA Chapter 43 Young Eagles Rally, EIK 7:45 a.m.***
- Sat* 18 Fly-In Breakfast, Colorado JetCenter at Colorado Springs Airport (COS), 8-11 a.m. (T)
- Sat* 18 Van-Aire (CO12) Fly-in/Drive-in 11:00 a.m.
- Sat* 18 1940's WWII Era Ball, Boulder Airport, 5:00 p.m.

- Mon* 20 AFC/FAASTeam Wings Safety Seminar, Ramada Hotel, Centennial Airport, 6-8 p.m.
- Sat* 25 Longmont Airport Expo, Vance Brand Airport, 7:00 a.m.
- Sat* 25 *EAA Chapter 301 Young Eagles Rally, FTG 7:45 a.m.*

From members Bill & Mary Mitchell -

EAA Ch 43 member ***Roger Standard*** has had a stroke. He is in The Spalding Hospital, room 213.

The Spalding Hospital address is: 900 Potomac, Aurora, CO.

The phone # is: 303-363-5223

For Sale

I have Vans RV-7 Wing and Empennage kits that I am selling. The empennage construction is complete less the fiberglass work and includes electric pitch trim. The left wing is about 70% complete while many of the right wing piece parts are complete and ready for assembly. I am asking \$7000 for both kits (negotiable).

Hopefully someone in the chapter can get it flying much sooner than I ever will. If anyone is interested, they can contact me at I am a former member of your chapter and have Vans RV-7 Wing and Empennage kits that I am selling. The empennage construction is complete less the fiberglass work and includes electric pitch trim. The left wing is about 70% complete while many of the right wing piece parts are complete and ready for assembly. Complete pictures and details at Barnstormers.com.

EAA Partners with FAA, Dynon for STC Breakthrough to Upgrade Safety, Reduce Costs for Aircraft Owners

EAA, in partnership with Dynon Avionics and the FAA, has been awarded a Supplemental Type Certificate (STC) to install Dynon's EFIS-D10A in certain standard category aircraft. This breakthrough STC enables the inexpensive, but very capable, avionics that have served the experimental and light-sport worlds for decades to finally have a pathway into the type-certificated market. The Dynon system is a direct replacement for a vacuum-driven attitude indicator, and the STC currently applies to the Cessna 150, 152, and 172 series and the Piper PA-28 and PA-38 series. More aircraft are expected to be added soon.

EAA worked extensively with the FAA and Dynon to show compliance with regulations and develop a new certification pathway for safety-enhancing equipment. The long track record of the D10A product line and its conformity to a variety of industry standards helped it become the first device accepted by the FAA in this pioneering effort. In addition to Dynon's proven reliability, the unit delivers a wealth of information to the pilot and even has an integrated angle of attack feature (with the installation of an optional probe). EAA installed the D10A in its 1976 Cessna 172M and submitted to a series of flight tests with an FAA test pilot, which went flawlessly.

EAA intends to begin selling the STC as soon as possible, hopefully later this spring, at a nominal price point in line with its existing autofuel STC. In addition to the D10A, more products are actively being explored as EAA is willing to work with other manufacturers to bring down costs and reduce barriers to recreational flying. Stay tuned for more details!
